BRIEF ABSTRACT OF LETTER.

Suggests that Sub Asst Surgeons in charge of certain dispensaries be examined in colloquial Kannada at the respective Head quarters of Distts, the examining Boards being Composed of the District medical officer and the Head master of the local High School

NOTES AND ORDERS.

Except Mr S.S. Thakare (no: 3) and S. Devanayagam (no: 7) all the Sub Asst Surgeons mentioned in the Senior Surgeon's letter have to undertake journeys to the respective District Head quarters for purposes of the examn. Of under article 617 of the Mysore Service Regns travelling allowance is to

be given to the Sub Asst Surgeons for the journeys referred to, ~~the proposal~~ involves extra cost to Govt & Branch II will have to be consulted.

2. In regard to para 3 of his letter, the Senior Surgeon may, if appd, be asked to fix the dates himself in consultation with the Examiners. It does not seem to be necessary to hold the exam^n on one & the same day in all the ~~District~~ head quarters.

~~In order to~~ avoid the ~~extra~~ heavy cost involved in the shape of travelling allowance to be paid to the Sub assistant Surgeons, and the necessity for closing the dispensaries temporarily, the suggestion of the Senior Surgeon may be accepted.

But the standard may vary if the examinations be held in each District Head Quarter, instead of in Bangalore. This objection may not, however, be considered as serious if a fair standard is settled beforehand.

4 Instead of the Head master of the High School, it may be necessary to ~~settle~~ select another officer ~~sometimes~~ in some places.

Dt Medical Officer the Head Master of the High School and an officer not below the rank of an Asst Commr to be nominated by the Dy Commr. The Senior Surgeon may appoint the President of the Board. The standard should be such as would enable the Medical man to converse freely with ordinary people, ascertain their symptoms and give them clear and simple instructions regarding treatment &c. He will also be a member of the Local Municipal Board and is expected to advise the people in sanitary matters his ability to explain to the people sanitary matters should be tested.

6 It is a matter for consideration whether we should not insist upon a literacy in addition to a Medical test in the case of all employees in the State

Personally, I do not think that an elaborate test by a Committee is necessary. A certificate from the D.M.O. that the employe has a colloquial knowledge of Kanarese would have been sufficient. But as Govt have prescribed one test by a Committee, the S.S's proposal may be considered favorably as a Committee appointed at each Dist head-quarters. Hence some T.A. charges will become inevitable in that case. If (A) is considered sufficient, no extra charges will be involved, the D.M.Os being required to test the candidates at their next inspection & send the certificates. It would be quite easy to issue instructions to the D.M.Os so as to make the test fairly uniform.
